

Accelerate your Dynamics 365 journey with partner-led services

CSP Deployment Accelerator for Dynamics 365

The CSP Deployment Accelerator helps organizations deploy Dynamics 365 quickly and effectively. With Microsoft co-funded deployment and adoption services, partners can accelerate time-to-value, enable Copilot and AI capabilities, and drive measurable business outcomes.

Program Benefits

Funded Services Microsoft co-invests in deployment, migration, and adoption services delivered by certified partners.	Faster ROI Accelerate deployment across Sales, Service, Finance, and Operations workloads.	AI & Copilot ready Copilot enablement, AI agent design, and responsible AI governance included.	Adoption support Champions programs, change management, training, and MAU success tracking.
---	--	---	---

Eligibility

To qualify, customers must:

- Payout eligibility is only met when the new ACV requirement for the engagement tier has been achieved.
- Qualifying workloads: Customer Insights (Journey + Data), Business Central, Commerce, Contact Center, Customer Service, Field Service, Finance, Human Resources, Project Operations, Sales, Supply Chain.
- Minimum of \$20K ACV is required to qualify. Incentive payouts based on incremental ACV completed between July 1, 2026, and June 30, 2027. Partners must hold a Business Applications Specialization.

What to expect

Your partner will:

- Deploy and configure your selected D365 workloads with Dataverse, security model, and business process setup
- Migrate data from legacy systems and configure integrations with Power Platform and Azure services
- Enable Copilot across your D365 workloads and build an adoption plan with training and measurable success outcomes
- Guide you through the engagement, from kick-off through value realization and simple completion surveys

Ready to get started?

Coordinate with your Microsoft account team and partner to validate eligibility and plan your deployment. Engagements scale from 30 to 355 hours based on ACV, with funding from \$5,000 to \$100,000.
